1	For our interpreting services, the transportation and lodging of the interpreters will be shouldered by our client especially if the interpreter will come from their own respective home countries like Russia.	In preparing your proposal, kindly include all expenses. Please note UNDP will provide a twin sharing room for the interpreters for the duration of the event.
2	Please be informed that as a standard practice in the interpretation industry, each interpreter gets his/her own room. We seek your kind understanding on this matter.	One twin sharing room will be provided by UNDP. Should the firm require more, please include this as part of your costing in your proposal.

Please be guided accordingly.

Thank you.
